UNAUDITED INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

30 June 2015

REPORT ON REVIEW OF UNAUDITED INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE BOARD OF DIRECTORS OF QATAR ISLAMIC BANK (S.A.Q)

Introduction

We have reviewed the accompanying interim consolidated statement of financial position of Qatar Islamic Bank (S.A.Q) ("QIB" or the "Bank") and its subsidiaries (together referred to as the "Group") as at 30 June 2015 and the related interim consolidated statement of income for the three-month and six-month periods ended 30 June 2015, and the related interim consolidated statement of changes in equity, interim consolidated statement of changes in restricted investment accounts and interim condensed consolidated statement of cash flows for the six-month period then ended and the related explanatory notes.

Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with the accounting policies disclosed in note 2. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with the accounting policies disclosed in note 2.

1 LEGAL STATUS AND PRINCIPAL ACTIVITIES

Qatar Islamic Bank S.A.Q (“QIB” or “the Bank”) is an entity domiciled in the State of Qatar and was incorporated on 8 July 1982 as a Qatari Public Shareholding Company under Emiri Decree no. 45 of 1982. The commercial registration number of the Bank is 8338. The address of the Bank’s registered office is Doha, State of Qatar, P.O. Box 559. The Bank is primarily involved in corporate, retail and investment banking, and has 31 branches in Qatar and one branch in Sudan. The Parent Company of the Group is Qatar Islamic Bank (S.A.Q). The Bank’s shares are listed for trading on the Qatar Exchange.

The unaudited interim condensed consolidated financial statements of the Group for the period ended 30 June 2015 were authorised for issue in accordance with a resolution of the Board of Directors on 13 July 2015.

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

Basis of preparation

The unaudited interim condensed consolidated financial statements of the Bank and its subsidiaries (together referred to as the “Group”) for the six months ended 30 June 2015 have been prepared in accordance with the guidance given by the International Accounting Standard 34 - "Interim Financial Reporting". The unaudited interim condensed consolidated financial statements do not contain all information and disclosures required in the annual consolidated financial statements, and should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2014. In addition, results for the six month period ended 30 June 2015 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2015.

The preparation of the unaudited interim condensed consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. The actual results may differ from these estimates.

The significant judgments made by the management in applying the Group’s accounting policies and the key sources of estimation uncertainty were the same as those applied to the consolidated financial statements for the year ended 31 December 2014.

The Group’s financial risk management objectives are consistent with those disclosed in the consolidated financial statements for the year ended 31 December 2014.

The accounting policies adopted in the preparation of the unaudited interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group’s annual consolidated financial statements for the year ended 31 December 2014, except for the new standards and amendments listed below, which were prepared in accordance with the Financial Accounting Standards (“FAS”) issued by the Accounting and Auditing Organisation for Islamic Financial Institutions (the "AAOIFI"), the Shari’a Rules and Principles as determined by the Shari’a Supervisory Board of the Group, related regulations of Qatar Central Bank and applicable provisions of the Qatar Commercial Company’s Law No. 5 of 2002. For matters which are not covered by AAOIFI standards, the Group uses guidance from the relevant International Financial Reporting Standards (the "IFRSs") as issued by the International Accounting Standards Board (“IASB”).

During the period, a new Qatar Commercial Company’s Law No. 11 of 2015 was issued in the State of Qatar. The new Law did not have any impact on the unaudited interim condensed consolidated financial statements.

New standards and amendments

The following new and amended standards have been adopted by the Group in preparation of these unaudited interim condensed consolidated financial statements whenever there is no applicable FAS Standards. The following standards and amendments became effective as of 1 January 2015 but do not have any material impact to the Group, but they will result in additional disclosures:

Defined Benefit Plans: Employee Contributions (Amendment to IAS 19)
Annual Improvements 2010 - 2012 Cycle
Annual Improvements 2011 - 2013 Cycle

The adoption of the above did not result in any changes to previously reported net profit or equity of the Group.

Standards issued but not yet effective

The below mentioned standards, interpretations and amendments to standards are not yet effective. The Group is currently evaluating the impact of these new standards. The Group will adopt these new standards on the respective effective dates if there is no equivalent FAS Standard.

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)
Standards issued but not yet effective (continued)

IFRS 9 Financial Instruments (Effective 1 January 2018).

3 OPERATING SEGMENTS

The Group has four reportable segments, as described below, which are the Group's strategic divisions. The strategic divisions offer different products and services, and are managed separately based on the Group's management and internal reporting structure. For each of the strategic divisions, the Chief Executive Officer reviews internal management reports on monthly basis. The following summary describes the operations in each of the Group's reportable segments:

Wholesale banking – Wholesale Banking includes services offered to institutional investors, corporate, other banks, and investment vehicles such as mutual funds or pensions.

Personal banking – Personal banking includes services that are offered to individual customers through local branches of the Bank which includes checking and savings accounts, credit cards, personal lines of credit, mortgages, and so forth.

Group function – treasury, investment, finance and other central functions.

Local & international subsidiaries – Local and international subsidiaries include the Groups local and international subsidiaries all of which are consolidated in the Group financial statements.

Information regarding the results, assets and liabilities of each reportable segment is included below.

Performance is measured based on segment profit before tax, as included in the internal management reports that are reviewed by the Chief Executive Officer. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

Fair value hierarchy

The Group uses the following hierarchy for determining and disclosing the fair value of financial investments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities;

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly; and

Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data

For financial instruments that are recognised at fair value on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

5 IMPAIRMENT

The Group assesses at each statement of financial position date whether there is objective evidence that an asset is impaired. Objective evidence that financial assets (including equity-type investments) are impaired can include default or delinquency by a counterparty / investee, restructuring of financing assets or advance by the Group on terms that the Group would not otherwise consider, indications that a counterparty or issuer will enter bankruptcy, the disappearance of an active market for a security, or other observable data relating to a group of assets such as adverse changes in the payment status of counterparty or issuers, or economic conditions that correlate with defaults. In addition, for an investment in equity-type instruments, a significant or prolonged decline in its fair value below its cost is objective evidence of impairment.

Equity-type investments classified as fair value through equity

In the case of equity-type investments classified as fair value through equity and measured at fair value, a significant (where market value has declined by a minimum of 20%) or prolonged (where market value has declined for 9 months at least) decline in the fair value of an investment below its cost is considered in determining whether the investments are impaired. If any such evidence exists for equity-type investments classified as fair value through equity, the cumulative loss previously recognised in the consolidated statement of changes in equity is removed from equity and recognised in the consolidated statement of income. Impairment losses recognised in the consolidated statement of income on equity-type investments are subsequently reversed through equity. The Group has provided QR 124 million (30 June 2014: QR 114 million) as impairment on equity investment securities which were recognised under “Net impairment loss on investment securities and properties” in the unaudited interim consolidated statement of income.

Investment properties

Investment property held for rental or capital appreciation is measured at fair value with the resulting unrealised gains being recognised in the statement of changes in equity under fair value reserve. Any unrealised losses resulting from re-measurement at fair value is recognized in the consolidated statement of financial position under fair value reserve to the extent of available balance. In case such losses exceed the available balance, the unrealized loss is recognized in the consolidated statement of income. In case there are unrealized losses that have been recognized in the consolidated statement of income in a previous financial year/period, the unrealized gains related to the current financial period is recognized to the extent of crediting back such previous losses in the consolidated statement of income. Any excess of such gains over such prior-year losses is added to the fair value reserve. The Group has provided Nil (30 June 2014: Nil) as impairment on investment properties which was recorded under “Net impairment loss on investment securities and properties” in the unaudited interim consolidated statement of income.

Financial assets carried at amortised cost (including investment in Sukuk instruments classified as amortised cost)

For financial assets carried at amortised cost, impairment is measured as the difference between the carrying amount of the financial assets and the present value of estimated cash flows discounted at the assets’ original effective profit rate. Losses are recognised in consolidated statement of income and reflected in an allowance account. When a subsequent event causes the amount of impairment loss to decrease, the impairment loss is reversed through the consolidated statement of income, to the extent of previously recognised impairment losses. The Group considers evidence of impairment for financial assets carried at amortised cost at both a specific asset and collective level. All individually significant financial assets are assessed for specific impairment. Financial assets that are not individually significant are collectively assessed for impairment by grouping assets together with similar risk characteristics. The Group has provided QR 44 million (30 June 2014: QR 46 million) as impairment on financing assets which was recognised under “Net impairment loss on financing assets” in the unaudited interim consolidated statement of income. Additionally, the Group has provided Nil (30 June 2014: nil) as impairment on Sukuk investments carried at amortised cost which was recorded under “Net impairment loss on investment securities and properties” in the unaudited interim consolidated statement of income.

11 LEGAL RESERVE

In accordance with QCB Law No. 33 of 2006 as amended, 10% of the net profit attributable to the owners of the Bank for the year is required to be transferred to the reserve until the legal reserve equals 100% of the paid up share capital. This reserve is not available for distribution except in circumstances specified in Qatar Commercial Companies Law No. 11 of 2015 and after QCB approval. No appropriation was made in the current period as the legal reserve equal more than 100% of the paid up share capital.

12 RISK RESERVE

In accordance with QCB regulations, a risk reserve should be created to cover contingencies on both the public and private sector financing assets, with a minimum requirement of 2.5% of the total private sector exposure granted by the Group inside and outside Qatar after the exclusion of the specific provisions and profit in suspense. The finance provided to / or secured by the Ministry of Finance – Qatar or finance against cash guarantees is excluded from the gross direct finance. No transfer to risk reserve has been made during the period as the required amount will be transferred at year end. (Year ended 31 December 2014: QR 284.7 million was transferred to risk reserve).

13 OTHER RESERVES

Other reserves represent the undistributed share of associates profits after deducting the cash dividends received, in addition to other reserves as required by QCB.

14 CASH DIVIDENDS

The shareholders of the Bank approved in the general assembly meeting cash dividends of 42.5% for the year ended 31 December 2014 (QR 4.25 per share), (30 June 2014: 40% cash dividends (QR 4 per share) for the year ended 31 December 2013).

15 SHARE-BASED PAYMENT RESERVE

During 2015, "Employee Share Option Plan" (ESOP) was approved by QInvest LLC, subsidiary of the Bank, for its key employees. Under the plan, 37.5 million share options were approved with ratio of 1 option: 1 share. The exercise price of the option will be US\$ 1 (QR 3.64) per share. The options vest as per following schedule:

- 50% of options immediately prior to listing date
- 25% of options 12 months after listing date
- 25% of options 24 months after listing date

Options must be exercised within 24 months of vesting date (or will otherwise lapse). Options will expire 5 years after the grant date if no listing has happened.

For the six months ended 30 June 2015, the Group has recognised QR 3.1 million as share-based payment expense in the unaudited interim condensed statement of income (30 June 2014: Nil)
